

ADA Special Accommodations Questionnaire

In compliance with the Americans with Disabilities Act (ADA), APCA will provide reasonable testing accommodations for candidates with professionally diagnosed disabilities as defined by the ADA. Under the ADA, a “disability” encompasses a physical or mental impairment that substantially limits one or more major life activities (e.g., walking, sitting, standing, seeing, hearing, speaking, breathing, learning, working, caring for oneself and performing manual tasks). Having a diagnosed impairment does not necessarily mean that an individual is disabled within the meaning of the ADA, and not all disabilities require test accommodations.

Test accommodations are adjustments or modifications of standard testing conditions designed to allow candidates with disabilities to participate in the examination without compromising the validity of the examination, providing an unfair advantage to the disabled candidate or imposing undue burdens on APCA.

Applicants seeking special accommodations must complete this questionnaire in its entirety. Along with this questionnaire, applicants must submit, with their completed examination application:

1. An original and current letter (dated within the last five (5) years) typed on official letterhead from a qualified physician or other health professional who specializes in the disability; such professional must document the disability, its severity, describe the limitations to the Applicant’s daily life functions due to the disability, and state exactly what accommodations are recommended. The letter must contain the original signature and the credentials of such professional; and
2. An original and current (dated within the last five (5) years) detailed, comprehensive medical evaluation/report of the diagnosed disability from the physician or health professional.

Please type or print.
