## Vascular Physical Principles & Instrumentation (VPI)

Issued By [ARDMS](#)

The Vascular Physical Principles & Instrumentation (VPI) examination tested basic physical principles and instrumentation knowledge essential to sonography professionals. It was the physics component for the RVT credential however, it is no longer offered. The Sonography Principles & Instrumentation (SPI) examination now meets the physics requirement for the RVT credential.

### How To Share Your Digital Badge On Your Profile

1. Sign into your [Facebook account](#).
2. Sign into your [Acclaim account](#).
3. Click on the badge you want to share.
4. Follow the instructions for how to **Share A Link** to obtain the appropriate link for your badge.

5. Go to your Facebook profile. Click the **Add Instagram, Websites, Other Links** option on the left hand side.

6. You will then be navigated to the screen below. Click on the **Add A Website** link.

The screenshot shows a Facebook profile page for a user named Ishara. The profile picture is a circular image of a smiling woman. The cover photo is a landscape of a beach with turquoise water. The navigation bar at the top includes the Facebook logo, a search bar, and links for Home, Create, and notifications. The main navigation tabs are Timeline, About, Friends (1,021), Photos, Archive, and More. The 'About' section is active, displaying a list of categories on the left: Overview, Work and Education, Places You've Lived, **Contact and Basic Info**, Family and Relationships, Details About You, and Life Events. The 'CONTACT INFORMATION' section shows 3 hidden emails and a Facebook link. Below this, there are three blue links: '+ Add a mobile phone', '+ Add your address', and '+ Add a public key'. A grey banner indicates that links should be set to Public. The 'WEBSITES AND SOCIAL LINKS' section shows a Google Talk link and a blue link '+ Add a website'. A large green arrow points to this link.

- After you click **Add A Website**, you will be prompted to add a website link. Click **Save Changes**. Now a link to your digital badge will be added to your Facebook profile.

The screenshot shows the Facebook 'About' page for a user. The navigation bar at the top includes 'Timeline', 'About', 'Friends 1,021', 'Photos', 'Archive', and 'More'. The 'About' section is active, displaying a message: 'To highlight info on your profile, set the audience to Public. This means anyone can see this info.' The left sidebar lists various profile sections, with 'Contact and Basic Info' selected. The main content area is divided into 'CONTACT INFORMATION' and 'WEBSITES AND SOCIAL LINKS'. Under 'CONTACT INFORMATION', there are fields for 'Email' (3 emails hidden), 'Facebook' (http://facebook.com/ishara.bullock), and options to 'Add a mobile phone', 'Add your address', and 'Add a public key'. Under 'WEBSITES AND SOCIAL LINKS', there is a 'Social Links' section with a redacted link (Google Talk) and a 'Websites' section with a text input field containing 'https://www.youracclaim.' and a '+ Add another website' link. At the bottom of the 'Websites' section, there is a dropdown menu set to 'Public', a blue 'Save Changes' button, and a 'Cancel' button. A green arrow points to the 'Save Changes' button, and another green arrow points to the 'Websites' section.
